INTERIORS, “Make the Ordinary, Extraordinary”

Jeri provided a reference photo for the class to work from and painted along with them. Periodically, participants emailed progress photos of their work for Jeri to critique.

The following paintings were created at the afternoon workshop.

We are grateful to these students who have consented to share their artwork with us!

Jeri's finished Demo painting from the morning...

Striped Afghan Afternoon

“Two finished paintings attached. they are available to APS members at a discounted price before they go to my website and gallery.”

Jane Best

It was a super workshop and Jeri is not only a good artist but also an excellent teacher.

Also, I appreciate the pre planning organization of it with detailed instructions and expectations which allowed workshop to run smoothly with no loss of quality teaching time. I hope to take another workshop from her.
