

## APS ADVENTURES IN PASTEL 2024!

### Adventure E-3

# “Movement”

“Riding Forth” by Aline Oldman

**Welcome to our third Adventure in Series E!**  
This Adventure is all about one word: ***Movement***.

Movement adds excitement, drama and overall compositional interest to your artwork. The Neuberger Museum of Art says “Rhythm, line, color, balance and space play a major role in creating a feeling of movement.” The sense of movement in a painting allows the artist to direct the viewer’s eye around an image by arranging elements in a certain way. See Aline Oldman’s wonderful pastel painting, “Riding Forth” to see an excellent example of a painting in action!

For this Adventure the goal is to explore creating a work of art depicting movement. You might want to consider a painting you remember that was full of movement, such as, waves on a beach, stormy clouds, figures working or just walking, traffic, or a landscape on a windy day. The subjects are limitless. Enjoy the challenge and have some fun!

#### ***So let’s get started:***

**Step 1:** Select your surface, size and the palette of your choice.

**Step 2:** Use your imagination and consider how you want to depict a subject in motion. Feel free to check out how other artists have tackled this challenge in their work.

**Step 3:** Take a photo of your painting. Please name your photo file:

Last name\_First name\_Title\_size.

Send it to [apsmedia828@gmail.com](mailto:apsmedia828@gmail.com). Any comments you want to make are also welcome!

**Step 4:** Remember, this deadline is firm. Nothing can be posted that is received after **6:00PM on March 27th**. Remember this challenge is NOT about a finished work of art, rather it is to inspire us to explore, experiment and enjoy the process of a new technique we might otherwise ignore.

***Get ready! Get set! Move!!***
